### Nationalists Get Warning From Commies

TAIPEI, Formosa (AP)—The Communists warned defenders of the Quemoy today that they might resume shelling every day, the Chinese Nationalists reported. Red shore guns have been silent for four even-numbered days.

The warning broadcast by loudspeakers on the mainland did not make clear whether the supply areas on Quemoy would be shelled on even days. Since Oct. 25 the Reds have shelled the supply areas only on odd-numbered days.

Since today was an odd day the Nationalists on the offshore islands waited until Wednesday to see what Red gunners would do. Nothing was heard from Radio Peiping.

Radio Peiping announced 17 days ago that the landing beaches and airstrip on the Quemoy would not be shelled on even days. It said the remainder of the offshore islands might be shelled on even days, however.

But in practice, Communist gunners have been inactive on the last four even days. The loudspeaker announcement could simply mean that areas other than the landing zones would now be bombarded on even days once more.

Or it could mean that the Communist alternate-day policy was being abandoned completely in favor of shelling the landing zones daily. Nationalist officials tended to doubt this since Peiping radio had not spoken up.

It was not immediately clear whether the commander of the Fukien coastal area facing the Quemoy was personally responsible for the announcement carried by loudspeakers across the six miles of water separating Amoy from Quemoy.

The Nationalists took a wait-and-see attitude.

Communist bombardments have slackened off since the Nationalists counted 39,163 shells on Nov. 3. There has been no shelling at all during the last four even-numbered days, although by Communist ground rules only the supply landing area and airfield on Quemoy were supposed to be immune from bombardment on those days.

Meanwhile, a U.S. Defense Department team toured Formosa studying how effectively American military aid is being used.

### Charity Bingo Amendment Proposal Wording Given OK

COLUMBUS, Ohio (AP)—Atty. Gen. William Saxbe today approved the wording of a summary for a proposed initiated constitutional amendment to legalize charity bingo.

Saxbe said his approval was limited to the question of whether the summary is a "fair and truthful statement" of the change sought in the state constitution.

The constitution bans bingo and other lotteries, but state law has been interpreted by some as allowing charity bingo.

Approval of the summary is a step in clearing the way for the proposal to go on election ballots with places for voters to mark yes or no to the question.

Sponsors of the proposal would need 328,173 signatures on petitions to bring it to a vote in the next two years.

Statute requires sponsors to obtain signatures equal to 10 per cent of the vote for governor in the previous election.

The unofficial vote total in the Nov. 4 gubernatorial race was 3,281,732.

Sponsoring the constitutional amendment is a committee composed of Elmer W. Coy, Richard H. Conn and John J. Neenan Jr., all of Toledo.

The committee proposes to of the Ohio constitution to read: "Lotteries, and the sale of lot-

### Condemned Ohio Man Says Lawyers Shun Case as 'Too Hot To Handle'

By REED SMITH  
COLUMBUS, Ohio (AP)—Time is running out on a condemned man's d-i-t-yourself attempt to avoid Ohio's electric chair.

Walter J. Byomin's letter to the U. S. Supreme Court from death row in Ohio Penitentiary brought a stay on the eve of his scheduled execution Nov. 7. Judge Potter Stewart, newest member of the high court and son of Judge James G. Stewart of the Ohio Supreme Court, granted the stay.

But the 42-year-old Clevelander says he can't get the legal help needed to prepare papers for an appeal from his first degree murder conviction in the fatal shooting of Deputy Edmund G. Smith in Wellington on May 4, 1957.

He has 90 days from the refusal last Oct. 29 of the Ohio Supreme

Court to reconsider his last-chance appeal in Ohio courts. His final hope is federal court review of his case or clemency from Ohio's new governor who takes office in mid-January.

"I've been give the run-around," Byomin said in a death row interview.

He claimed court-appointed attorneys, who carried his case through Ohio courts, deserted him and that bar associations and legal aid groups refused to help him.

"My case is just too hot for them to handle," he said and asked: "But if they can't help me, who would they help?"

"I want to make a test case of this because there are others like it. Justice must be a purchasable commodity because if you don't have the funds, you are deprived of your constitutional rights."

"All that about recourse to the courts is just a lot of noble words. I never dreamt I'd be in this situation. I'm remorseful over the shooting. I'm sorry for the officer's family. But no words will suffice."

His blue eyes pleaded as he relived events leading to the shooting and the trial which he insisted would have resulted in a lesser verdict if an officer had not been slain.

The heavy-set Byomin leaned forward in a chair behind a heavy mesh screen in a corridor out-

side his death cell as he ticked off the things he says violated his constitutional rights. His round face was animated and he nodded his bald head for emphasis. He was clad in blue jeans and a white shirt open at the collar. Other condemned men in adjoining cells listened impassively as Byomin recited these grievances:

Cruel and unusual punishment in the Lorain County Jail.

Coercion and duress to sign a confession that should not have been admitted at his trial.

Questionable testimony by witnesses who testified against him. Evidence in his favor suppressed. Failure of his girl friend to testify.

The shooting followed a police car chase after a quarrel with others over his attentions to Mrs. Helen Bristow. Byomin insisted he did not know it was a police car chasing him or that the driver was in uniform.

He said the prosecution claimed Mrs. Bristow could not be found to testify and that Ray Redwine, with whom he quarreled, was asked during the trial if Redwine realized he was under oath.

Byomin added that letters from Mrs. Bristow, banned at the trial, "would have disproved that I was a wife-stealer."

Adrian Betleski, assistant if an officer had not been the victim, they asserted.

county prosecutor, told the Ohio Pardon and Parole Commission at a recent hearing that Byomin knew he faced to or three more years in Leavenworth Federal Prison if caught by the pursuing officer. "He stopped and had it out," Betleski said. "He was determined to kill the man in the pursuing car."

Betleski said Byomin was carrying a gun while still on parole for armed robbery. Before that he served in Lancaster Reformatory for breaking and entering, Betleski related.

Byomin's court-appointed attorneys told the commission the death sentence was unwarranted because premeditation was not shown. They said he panicked during the pursuit. The verdict would have been second degree murder

### 22 Cuban Rebel Aides Grabbed

#### U.S. Agents Capture Bomber, Arms Cache

FORT LAUDERDALE, Fla. (AP)—Federal agents surprised nearly two dozen Cuban rebel sympathizers in the act of loading munitions aboard a plane and charged 22 persons with violating the Neutrality Act.

Two women were among the group seized with an arms-laden B18 bomber on abandoned Prospect Air Field Monday night.

Border Patrol agents blasted a fleeing auto's tire with machine gun bullets, preventing the getaway of five of their prisoners. The airplane pilot, who identified himself as Roger Steadman, 41, of Miami, a native of Huron, S.D., fled in a truck but was arrested later at a Fort Lauderdale bus station.

Agents said a big assortment of rifles, machine guns, ammunition, medical supplies, boots and field equipment were placed aboard the plane as they watched from concealment.

Some of the material was in packages marked "Fidel." Fidel Castro heads the rebel army which dominates much of Cuba's Oriente Province.

There was no immediate word on where the plane came from or who owned it. Agents said the last owner of available record was the Bank of Anchorage, Alaska.

South Florida has been the scene of numerous daring attempts to supply Castro's forces.

A week ago Saturday a Cubana Airlines plane which left Miami for Cuba with 20 aboard was hijacked in flight by rebels disguised as passengers. It was forced to land on an Oriente Beach field and 17 persons were reported killed.

Only last Saturday 16 Cubans were released after serving 60-day sentences for trying to run guns to Cuba in a boat that was captured as it put out of Port Everglades, Fort Lauderdale's Atlantic Ocean outlet.

### Strike Brings Drastic Action

BUENOS AIRES (AP)—President Arturo Frondizi declared a state of siege in Argentina today in a drastic bid to quell an oil workers' strike which he has branded a Communist-inspired insurrection.

Frondizi's action came as he faced mounting danger to his ambitious plan to make Argentina an oil-rich nation with the aid of foreign capital, mainly from U.S. oil companies.

This is the first time Frondizi has taken such drastic action since he took over the presidency May 1. His proclamation suspends constitutional guarantees and gives police sweeping authority.

Security forces swept through the capital and interior cities on a wave of pre-dawn arrests. They were ordered to seize Communist, Peronista and Nationalist troublemakers, including agitators in labor's ranks.

Early unofficial estimates placed the number arrested at 300.

Oil workers in Mendoza Province struck a week ago, paralyzing activities in the oil fields at the foot of the Andes mountains. They are protesting the government's plan to get foreign aid for Argentina's nationalized oil industry.

### Young King Claims Syria Plots Trouble

#### Airplane Incident Cited as Effort To Kill or Capture Him

AMMAN (AP)—Jordan will refer the attack on King Hussein's plane over Syria on the U.N. Security Council, Premier Samir Rifai told an emergency session of the Parliament today.

"The government is of the opinion that it is its duty to take steps and measures it may deem necessary to uphold the state's prestige, to ensure its interests and to secure its vital routes of communications," he said.

King Hussein raced home Monday with United Arab Republic jet fighters in pursuit shortly after taking off for a vacation in Europe.

While the U.A.R. was inclined to play down the incident Hussein emerged as a hero in the eyes of many of his people. Jordanians mixed wild celebrations of joy with bitter demonstrations against the U.A.R.

Relations between the king and President Nasser's U.A.R. worsened just when there were indications the two Arab leaders were about to patch up their feud.

Some officials in Jordan reportedly viewed the incident as an attempt to kidnap the 23-year-old king and force him to sign his abdication. There was no confirmation of this theory, however.

Hussein charged the jets tried to force his plane down.

In Damascus, a spokesman for the U.A.R. air force claimed today Hussein's plane had violated international conventions and local aviation instructions over Syria.

"sufficient to justify shooting it down."

He added that "instead of using their legitimate right under international laws to take positive action against the intruding plane, the region authority only sent two jet fighters to escort it out of Syrian air space." He denied any attack on the Jordanian plane.

(President Nasser was reported to be convinced Syrian authorities acted properly but also to be upset by the incident, which worsened U.A.R.-Jordanian relations after a recent improvement.)

A national holiday was declared throughout Jordan to celebrate the escape of the 23-year-old king. Crowds surged through the narrow streets of Amman Monday night, firing roman candles and rifles.

Hussein left Amman Airport Monday in a twin-engine transport plane bound for a European vacation. He later reported that two communist-built MIG jet fighters from Syria set upon him near Damascus, capital of the Syrian Province.

The MIGs tried to force his plane down but did not fire at it, the king said. His pilot dropped down near the ground for a wild hedginghop flight back over rugged country to Amman.

Hussein, himself a pilot, was riding as co-pilot. His pilot said the two MIGs were trying to get into position to fire at the Jordanian plane all the way back.

Immediately after his return Hussein accused the Syrian pilots of violating international law by intruding in Jordanian air space.

The charge was made in a broadcast to Jordan's 1,500,000 people, many of whom favor Nasser rather than Hussein. Cairo radio has called in the past for Hussein's assassination.

"They are making enemy attacks upon you in my person," Hussein said. He added that his government was taking "necessary steps" to maintain Jordan's prestige and dignity. He did not elaborate.

The broadcast came after a long emergency session with Hussein's cabinet. Parliament was called into session today.

### Remains of Plane Reported Spotted

LISBON, Portugal (AP)—The Lisbon Airport control tower said an English plane hunting a missing flying boat had reported sighting the remains of an unidentified plane.

The remains were located between 35 and 40 miles southeast of the spot where the missing Portuguese plane was believed to have made an emergency landing Sunday with 36 persons aboard. Six were Americans.

Shipping was alerted and a Portuguese patrol vessel which was two hours' voyage away made for the spot at once. Other ships also were on their way.

### Democrats May Launch Drive To Plug Tax Law Loopholes

WASHINGTON (AP)—Key congressional Democrats are weighing a serious drive in the new Congress to plug long-standing loopholes in the tax laws in an expected scramble for added revenues.

Faced with new government spending prospects and a massive budget deficit, tax experts regard such a move the only feasible alternative to a general tax increase.

No boost in either personal or business income tax rates is now contemplated.

### Auto, Truck In Collision On Route 104

Two drivers and a passenger were injured when a two-ton truck smashed into a car at 3 p. m. yesterday on Route 104 about 2 miles south of Route 22.

The car was operated by Virginia Borland, 40, Chillicothe, who suffered facial lacerations and possible neck injuries.

The most seriously injured was Susie Grandon, 59, Chillicothe. She was admitted to Berger Hospital for severe facial lacerations, a fractured right ankle and head injuries. Her condition was listed as "fairly good" today.

The truck was driven by Edward L. Patterson, 22, Columbus. He suffered a left shoulder injury.

DEPUTY Sheriff Robert Hoover said the truck, headed north, failed to make a curve near Westfall school, went out of control and crashed into the Borland car, headed south.

Deputy Hoover said the truck apparently went off on the right berm, skidded back on the highway, and rolled over on the auto. Hoover said the truck was demolished. The front end of the car was heavily damaged.

How far a loophole-plugging shakedown of the tax laws may go is uncertain.

Yet Democratic leaders of the House, where all tax legislation originates, appear to be committed to at least a start in this direction.

Speaker Sam Rayburn of Texas, in a post-election statement, called attention to tax law revision hearings to be undertaken by the House Ways and Means Committee when Congress convenes in January.

Rep. Wilbur D. Mills (D-Ark.), Ways and Means Committee chairman, noted in a forecast of possible tax legislation published last September that "tax differentials and preferences now existing . . . cut our tax base by billions of dollars."

As areas of possible tax revision, Mills pinpointed the favorable tax treatment now afforded those who convert ordinary income to capital gains, allowances for depletion of natural resources like oil and coal, special rules favoring income of insurance companies, and the favorable tax treatment accorded farm and other cooperatives.

Wholesale elimination of tax preferences—some of them in the law 30 years or more—would be certain to stir up a political hornet's nest.

It would be a reversal of a congressional practice which for years has been to add exemptions, preferences and loopholes to the tax laws to satisfy the demands of special individual and business interests.

Now, however, influential Democrats say enactment of a loophole-plugging bill is a distinct possibility—even a probability—in the new Congress. It would be a two-year program calling for House passage the first session and final Senate action in 1960.

The most seriously injured was Susie Grandon, 59, Chillicothe. She was admitted to Berger Hospital for severe facial lacerations, a fractured right ankle and head injuries. Her condition was listed as "fairly good" today.

**Army's Moonshot Is Planned To End Up as New 'Planet'**

SAN ANTONIO, Tex. (AP)—The Army plans to shoot a rocket right at the moon and create a man-made planet, Dr. Wernher von Braun said today.

And the German-born rocket genius predicts "it has a one in two chance of doing just that."

The rocket would never come back.

It would escape from the earth's gravity and be captured by the sun's gravity. Falling into an orbit around the sun, it would become a 30-pound baby planet, revolving around the sun much like the Earth, Mars and Jupiter.

The first attempt probably will be made in the first week of December.

It will be the first of two moon-probe shots by the Army.

The Air Force has so far launched three probes. One soared about 79,000 miles of the 239,000 to the moon in October, then was tugged back by earth's gravity to burn up in our atmosphere.

The Army plans to shoot its probe at such high speed that it will go past the moon and forever escape from the earth. It might pass within 10 to 50 thousand miles of the moon.

It would soar millions of miles beyond earth and the moon until the sun's gravity pulled it into some yet unpredictable orbit around the sun.

Some details of the Army moon-probe plane became known here informally at a space symposium attended by 700 space and medical scientists. The symposium is sponsored by the Air Force's School of Aviation Medicine and arranged by Southwest Research Institute.

The Air Force probes were designed—and given some control—to swing them around the moon once, or into a steady orbit around the moon, or near the moon and then home again.

The Army plan is in a large sense much less difficult.

The small fourth-stage of a multi-stage rocket has to be given an initial speed of 25,500 miles an hour or better. That is the escape velocity to get it forever away from the earth.

The earth's gravity pull gets weaker and weaker the farther you go away from the earth and for practical purposes the rocket can escape from any real influence of terrestrial gravity.

The rocket would speed up when it fell under the influence of the sun's gravity and take up its orbit around the sun.

This is presuming it doesn't hit the moon, even if aimed directly for it.

Hitting the moon without guidance control inside the probe would be fantastically difficult. That is partly why Von Braun gives it a one in two chance of escaping to become a planet.

Army experts indicated they would not be unhappy if the probe did hit the moon. It will be sterilized to prevent contaminating the moon with earthly germs if that did happen.

The probe will carry instruments to report particularly on the mysterious band of radiation recently discovered high above the earth. It is designed to give full reports on how far this radiation extends.

Hixon told the sheriff that in Ironton his former wife had him committed to the institution but that he was released after three days as sane. He said they were divorced six months ago after the mental institution episode. They had no children.

In Athens, Ohio, a staff physician at Athens State Hospital said Hixon was not released from that institution but escaped last July 17 two months after being admitted.

Dr. Wayne L. Dutton of the hospital staff said Hixon had been suffering from paranoid schizophrenia and believed that his wife was unfaithful.

In Ironton, Hixon's mother, Mrs. Hatfield Baughn, said his family had him committed to the institution May 15.

McCall said Hixon told him he shot his former wife after she rejected his attempts at reconciliation. The sheriff said the husky Ohioan, who said he was a television technician, related he came to Leesburg Monday after Mrs. Hixon wrote, asking him to come to talk over reconciliation. When he arrived, he said, she told him she was going to marry a Leesburg man and wanted nothing more to do with him.

Hixon said he then bought a .38 caliber pistol in Leesburg.

The shooting took place before hundreds of downtown shoppers.

**Ex-Dishwasher Is Held**

TOLEDO, Ohio (AP)—The former dishwasher at a Toledo restaurant was held today on an armed robbery charge in a \$467 theft at the place Sunday night.

Police said Frederick Clark, 44, of Holland, Ohio, arrested Monday night, admitted he stole a pistol from behind the counter before staging the robbery. Clark had

county prosecutor, told the Ohio Pardon and Parole Commission at a recent hearing that Byomin knew he faced to or three more years in Leavenworth Federal Prison if caught by the pursuing officer. "He stopped and had it out," Betleski said. "He was determined to kill the man in the pursuing car."

Betleski said Byomin was carrying a gun while still on parole for armed robbery. Before that he served in Lancaster Reformatory for breaking and entering, Betleski related.

Byomin's court-appointed attorneys told the commission the death sentence was unwarranted because premeditation was not shown. They said he panicked during the pursuit. The verdict would have been second degree murder.

The shooting followed a police car chase after a quarrel with others over his attentions to Mrs. Helen Bristow. Byomin insisted he did not know it was a police car chasing him or that the driver was in uniform.

He said the prosecution claimed Mrs. Bristow could not be found to testify and that Ray Redwine, with whom he quarreled, was asked during the trial if Redwine realized he was under oath.

Byomin added that letters from Mrs. Bristow, banned at the trial, "would have disproved that I was a wife-stealer."

Adrian Betleski, assistant if an officer had not been the victim, they asserted.

**22 Cuban Rebel Aides Grabbed**

FORT LAUDERDALE, Fla. (AP)—Federal agents surprised nearly two dozen Cuban rebel sympathizers in the act of loading munitions aboard a plane and charged 22 persons with violating the Neutrality Act.

Two women were among the group seized with an arms-laden B18 bomber on abandoned Prospect Air Field Monday night.

Border Patrol agents blasted a fleeing auto's tire with machine gun bullets, preventing the getaway of five of their prisoners. The airplane pilot, who identified himself as Roger Steadman, 41, of Miami, a native of Huron, S.D., fled in a truck but was arrested later at a Fort Lauderdale bus station.

Agents said a big assortment of rifles, machine guns, ammunition, medical supplies, boots and field equipment were placed aboard the plane as they watched from concealment.

Some of the material was in packages marked "Fidel." Fidel Castro heads the rebel army which dominates much of Cuba's Oriente Province.

There was no immediate word on where the plane came from or who owned it. Agents said the last owner of available record was the Bank of Anchorage, Alaska.

South Florida has been the scene of numerous daring attempts to supply Castro's forces.

A week ago Saturday a Cubana Airlines plane which left Miami for Cuba with 20 aboard was hijacked in flight by rebels disguised as passengers. It was forced to land on an Oriente Beach field and 17 persons were reported killed.

Only last Saturday 16 Cubans were released after serving 60-day sentences for trying to run guns to Cuba in a boat that was captured as it put out of Port Everglades, Fort Lauderdale's Atlantic Ocean outlet.

**Strike Brings Drastic Action**

BUENOS AIRES (AP)—President Arturo Frondizi declared a state of siege in Argentina today in a drastic bid to quell an oil workers' strike which he has branded a Communist-inspired insurrection.

Frondizi's action came as he faced mounting danger to his ambitious plan to make Argentina an oil-rich nation with the aid of foreign capital, mainly from U.S. oil companies.

This is the first time Frondizi has taken such drastic action since he took over the presidency May 1. His proclamation suspends constitutional guarantees and gives police sweeping authority.

Security forces swept through the capital and interior cities on a wave of pre-dawn arrests. They were ordered to seize Communist, Peronist and Nationalist troublemakers, including agitators in labor's ranks.

Early unofficial estimates placed the number arrested at 300.

Oil workers in Mendoza Province struck a week ago, paralyzing activities in the oil fields at the foot of the Andes mountains. They are protesting the government's plan to get foreign aid for Argentina's nationalized oil industry.

**Remains of Plane Reported Spotted**

LISBON, Portugal (AP)—The Lisbon Airport control tower said an English plane hunting a missing flying boat had reported sighting the remains of an unidentified plane.

The remains were located between 35 and 40 miles southeast of the spot where the missing Portuguese plane was believed to have made an emergency landing Sunday with 36 persons aboard. Six were Americans.

Shipping was alerted and a Portuguese patrol vessel which was two hours' voyage away made for the spot at once. Other ships also were on their way.

**Young King Claims Syria Plots Trouble**

AMMAN (AP)—Jordan will refer the attack on King Hussein's plane over Syria on the U.N. Security Council, Premier Samir Rifai told an emergency session of the Parliament today.

"The government is of the opinion that it is its duty to take steps and measures it may deem necessary to uphold the state's prestige, to ensure its interests and to secure its vital routes of communications," he said.

King Hussein raced home Monday with United Arab Republic jet fighters in pursuit shortly after taking off for a vacation in Europe.

While the U.A.R. was inclined to play down the incident Hussein emerged as a hero in the eyes of many of his people. Jordanians mixed wild celebrations of joy with bitter demonstrations against the U.A.R.

Relations between the king and President Nasser's U.A.R. worsened just when there were indications the two Arab leaders were about to patch up their feud.

Some officials in Jordan reportedly viewed the incident as an attempt to kidnap the 23-year-old king and force him to sign his abdication. There was no confirmation of this theory, however.

Hussein charged the jets tried to force his plane down.

In Damascus, a spokesman for the U.A.R. air force claimed today Hussein's plane had violated international conventions and local aviation instructions over Syria "sufficient to justify shooting it down."

He added that "instead of using their legitimate right under international laws to take positive action against the intruding plane, the region authority only sent two jet fighters to escort it out of Syrian air space." He denied any attack on the Jordanian plane.

(President Nasser was reported to be convinced Syrian authorities acted properly but also to be upset by the incident, which worsened U.A.R.-Jordanian relations after a recent improvement.)

A national holiday was declared throughout Jordan to celebrate the escape of the 23-year-old king. Crowds surged through the narrow streets of Amman Monday night, firing roman candles and rifles.

Hussein left Amman Airport Monday in a twin-engine transport plane bound for a European vacation. He later reported that two communist-built MIG jet fighters from Syria set upon him near Damascus, capital of the Syrian Province.

The MIGs tried to force his plane down but did not fire at it, the king said. His pilot dropped down near the ground for a wild hedgehopping flight back over rugged country to Amman.

Hussein, himself a pilot, was riding as co-pilot. His pilot said the two MIGs were trying to get into position to fire at the Jordanian plane all the way back.

Immediately after his return Hussein accused the Syrian pilots of violating international law by intruding in Jordanian air space.

The charge was made in a broadcast to Jordan's 1,500,000 people, many of whom favor Nasser rather than Hussein. Cairo radio has called in the past for Hussein's assassination.

"They are making enemy attacks upon you in my person," Hussein said. He added that his government was taking "necessary steps" to maintain Jordan's prestige and dignity. He did not elaborate.

The broadcast came after a long emergency session with Hussein's cabinet. Parliament was called into session today.

## Reapportionment of Expenses Asked of Election Board

Richard Penn, local attorney and President of Circleville Council, October 30 asked the Pickaway County Board of Elections for a reapportionment of the Nov. 5, 1957, general elections expenses in accordance with a recent Ohio Attorney General's opinion.

If the election board complies, Circleville would be reimbursed \$1,778.31 and the City school system would owe \$871.92 for last year's general election.

According to Penn the recent Attorney General's opinion in the matter of establishing Orient village as a separate township, stated, "The cost per precinct at each election shall be prorated by the election board to the subdivisions conducting elections for the nomination or election of officers in such precinct."

Penn's interpretation of this

opinion is that election expenses should be divided proportionally among subdivisions with questions, issues or candidates appearing upon that ballot.

CIRCLEVILLE was charged \$2,952.44 for the 1957 general election while the school system was charged \$140. Penn maintains this apportionment applies to all school districts, townships and municipalities throughout the county.

The following are the prescribed reapportionment of expenses according to Penn and in parenthesis is the actual charge made by election board:

Municipalities — New Holland \$119.97 (\$271.12); Orient \$87.97 (\$244.60); Ashville \$154.74 (\$444); Circleville \$1,174.13 (\$2,952.44); Darbyville \$64.87 (\$230.38); Williamsport \$64.86 (\$214.50); South Bloomfield \$64.87 (\$209.50); Commercial Point \$64.87 (\$210.50) and Tilton \$64.87 (\$209.50);

Only the Circleville school district was charged last year, but Penn stated other school districts should pay as follows: Circleville \$1,011.92 (\$140); Darby \$341.56; Madison \$92.11; Monroe \$344.25; Muhlenberg \$192.18; New Holland \$198.27; Wayne \$124.55.

Scioto \$324.32; Deer Creek \$275.67; Jackson \$240.01; Walnut \$233.52; Ashville \$194.50; Harrison \$194.50; Perry \$162.17; Salt Creek \$162.16; Pickaway \$136.22; Deerfield \$97.30; Washington \$97.30 and Harrisburg \$64.87.

Townships — Circleville \$1,011.92 (\$185.12); Scioto \$324.34 (\$309.05); Harrison \$259.48 (\$186.05); Walnut \$194.60 (\$370.10); Perry \$178.39 (\$411.12); Darby \$162.17 (\$414.60); Jackson \$162.17 (\$370.10); Salt Creek \$113.52 (\$190.05); Muhlenberg \$103.79 (\$205.92); Pickaway \$97.30 (\$185.05);

Washington \$97.30 (\$185.05); Wayne \$97.30 (\$212.30); and Madison \$64.87 (\$213.30).

The election board has taken Penn's letter under advisement and will meet this week to approve bills and claims against the board and make a decision on how to handle Penn's claim.

## 2 Ohio Boys Held After Cop Chase in Wilds of Utah

EPHRAIM, Utah (AP) — Two youths drove off Monday when a service station attendant tried to collect for a tankful of gas. Police caught them after a 30-mile chase through central Utah, which ended when officers shot out the tires on their car.

The fugitive car sideswiped a Highway Patrol car at a road-block near Nephi, after cutting across desert country to avoid pursuit. One officer shot at the car and punctured its rear tires.

Officers identified the youths as Williams Henry, 16, and Donald Vershock, 14, both of Mentor-On-The-Lake, Ohio. They were returned to Ephraim for transfer to juvenile court.

### Major Is Killed

After \$568 Holdup

KANSAS CITY (AP) — A 40-year-old major, studying with the Army's brightest officers at the Command and General Staff College, was shot and killed Monday night after robbing a downtown theater of \$568.

Police identified him as Russell Edgar Parker, originally from Corbin Ky.

John E. Dugan, manager of the theater, shot Parker in the back. Parker staggered down a flight of stairs and through the lobby, then collapsed and died face down on main street in the bright light of the Roxy Theater marquee. He still cradled the theater's metal cash box in one arm.

### Truck Driver Set Afire in Labor Dispute

ATLANTA (AP)—A truck driver was turned into a flaming torch and severely burned by a home-made fire bomb tossed into the cab of his truck shortly after he drove away from a strike bound steel plant Monday.

Edwin Linwood Gossett of near-by Hampton leaped from the truck and ripped off his flaming clothes. A passenger in the truck leaped to safety and was uninjured.

Patrolman R. L. Rhodes, who escorted the truck load of steel from the Atlantic Steel Co., said the fire bombed apparently was thrown from behind some bushes along the street.

Gossett had just driven from the plant with a load of steel for his employer, the Southern States Equipment Corp., of Hampton.

The Atlantic Steel Co., was closed Oct. 31 by a strike that idled about 1,400 workers.

Gossett was taken to his home after hospital treatment.

The strike, said President Howard B. Johnson, involved seniority demands of the local union of the United Steel Workers of America. Clyde E. Dye, president of the local, said the walkout stemmed from grievances, including seniority and the doubling up on work.

### Health Head Urges Good Food Habits

John Himrod, health commissioner, last night called on local eating place operators and the public to continue in 1958 their "good job of food sanitation."

Speaking at the board of health meeting, Himrod reported that in 1957 there have been "no disease outbreaks traceable to eating places."

He added that more than 73 food service licenses have been issued this year. To get a license, required by state law, an operator must undergo an inspection in which sanitation is checked from front door to back.

The health commissioner included the public in his comments, because "everyone who eats out has a part in food sanitation."

### Young Mother Accused in Death of Tot

HOUSTON (AP)—Police charged a young mother with murder early today in the death of her 4-week-old daughter, one of three children in the family who have died since 1956 of what was listed as pneumonia.

They accused Mrs. Iris Conrad, 19, of suburban Bellaire with killing the infant by "throwing her down on the floor." The child, Lynda Conrad, died Nov. 2.

Bellaire Police Chief Jack O'Brien said only that "a statement was made and a charge was filed."

Authorities questioned the woman for about 10 hours before the charge was filed shortly after midnight.

Mrs. Conrad's attorney, William M. Hatten, said "the whole thing has been instigated by the insurance companies."

He said \$750 was paid by an insurance company after the death of another Conrad child last May, but that there was no insurance on Lynda. The couple has one living child, Robert, 4.

Others who died include Richard, 3 months, and George Jr., 9 months. Richard died Oct. 29, 1956, and George last May 15.

Mrs. Conrad told investigators in May that George died shortly after she found Robert stomping the baby on her living room floor.

Peace Justice W. C. Ragan said he would not set bond until Mrs. Conrad has been examined by the Harris County psychiatrist.

### Health Head Urges Good Food Habits

John Himrod, health commissioner, last night called on local eating place operators and the public to continue in 1958 their "good job of food sanitation."

Speaking at the board of health meeting, Himrod reported that in 1957 there have been "no disease outbreaks traceable to eating places."

He added that more than 73 food service licenses have been issued this year. To get a license, required by state law, an operator must undergo an inspection in which sanitation is checked from front door to back.

The health commissioner included the public in his comments, because "everyone who eats out has a part in food sanitation."

## Reapportionment of Expenses Asked of Election Board

Richard Penn, local attorney and President of Circleville Council, October 30 asked the Pickaway County Board of Elections for a reapportionment of the Nov. 5, 1957, general elections expenses in accordance with a recent Ohio Attorney General's opinion.

If the election board complies, Circleville would be reimbursed \$1,778.31 and the City school system would owe \$671.92 for last year's general election.

According to Penn the recent Attorney General's opinion in the matter of establishing Orient village as a separate township, stated, "The cost per precinct at each election shall be prorated by the election board to the subdivisions conducting elections for the nomination or election of officers in such precinct".

Penn's interpretation of this

opinion is that election expenses should be divided proportionally among subdivisions with questions, issues or candidates appearing upon that ballot.

CIRCLEVILLE was charged \$2,952.44 for the 1957 general election while the school system was charged \$140. Penn maintains this apportionment applies to all school districts, townships and municipalities throughout the county.

The following are the prescribed reapportionment of expenses according to Penn and in parenthesis is the actual charge made by election board:

Municipalities — New Holland \$119.97 (\$271.12); Orient \$87.97 (\$244.60); Ashville \$154.74 (\$444); Circleville \$1,174.13 (\$2,952.44); Darbyville \$64.87 (\$230.38); Williamsport \$64.86 (\$214.50);

South Bloomfield \$64.87 (\$200.50); Commercial Point \$64.87 (\$210.50) and Tarkenton \$64.87 (\$200.50);

Only the Circleville school district was charged last year, but Penn stated other school districts should pay as follows: Circleville \$1,011.92 (\$140); Darby \$241.56; Madison \$92.11; Monroe \$244.25; Muhlenberg \$192.18; New Holland \$198.27; Wayne \$124.55.

Scioto \$324.32; Deercreek \$275.67; Jackson \$240.01; Walnut \$233.52; Ashville \$194.59; Harrison \$194.59; Perry \$162.17; Salt Creek \$162.16; Pickaway \$136.22; Deercreek \$97.30; Washington \$97.30 and Harrisonburg \$64.87.

Townships — Circleville \$1,011.92 (\$185.12); Scioto \$324.34 (\$202.05); Harrison \$250.46 (\$186.05); Walnut \$194.60 (\$370.10); Perry \$178.39 (\$411.12); Darby \$162.17 (\$414.60);

Jackson \$162.17 (\$370.10); Salt Creek \$113.52 (\$190.05); Muhlenberg \$103.79 (\$205.92); Pickaway \$97.30 (\$185.05); Washington \$97.30 (\$185.05); Wayne \$97.30 (\$212.30); and Madison \$64.87 (\$213.30).

The election board has taken Penn's letter under advisement and will meet this week to approve bills and claims against the board and make a decision on how to handle Penn's claim.

## 2 Ohio Boys Held After Cop Chase in Wilds of Utah

EPHRAIM, Utah (AP) — Two youths drove off Monday when a service station attendant tried to collect for a tankful of gas. Police caught them after a 30-mile chase through central Utah, which ended when officers shot out the tires on their car.

The fugitive car sideswiped a Highway Patrol car at a road-block near Nephi, after cutting across desert country to avoid pursuit. One officer shot at the car and punctured its rear tires.

Officers identified the youths as Williams Henry, 16, and Donald Vershack, 14, both of Mentor-On-The-Lake, Ohio. They were returned to Ephraim for transfer to juvenile court.

## All Working Girls Seeking Marriage, Novelist Believes

By BOB THOMAS  
AP Motion Picture Writer  
HOLLYWOOD (AP) — Do all working girls want to get married?  
Yes, says Rona Jaffe, successful chronicler of the toiling lassies. She's the 26-year-old onetime office worker who wrote "The Best of Everything" and sold it to films for \$100,000. It's her first novel and it's bobbing along nicely in the middle of the top 10 sellers.  
Rona, an attractive girl who speaks in tones of her native New York, is here to promote the book and take a glance at the film script. She hedged a bit on her all-working-girls - wanna-get-married thesis with three exceptions: "Girls who are very shy, who fear that married life will interfere with pursuit of their profession or who are disillusioned by too many unhappy romances."  
But these are a minor segment of the great feminine working mass, she claimed. The others want a man, period.  
That's the theme of her book, and the reviewers state that it contains some rather racy passages. I asked how this affected her personal life.  
"My parents?" she replied.

## Double Trouble Expected in Outer Space

SAN ANTONIO, Tex. (AP) — Space travelers face double trouble from dangerous radiation, a scientist said today.  
They must survive two different bands of radiation, not just the one recently discovered by Explorer satellites.  
But a space ship designed like a club sandwich could take them safely through, said Dr. S. Fred Singer of the University of Maryland.  
Its outer skin would be built up in layers of various materials to block out the radiation.  
Dr. Singer spoke at the opening of the second international Symposium on the Physics and Medicine of the Atmosphere and Space. The three-day conference is sponsored by the Air Force School of Aviation Medicine here and arranged by the Southwest Research Institute.  
Dr. Singer said there are apparently two bands of radiation around the earth.  
One is a band of intense or hard radiation. The other is less intense, or soft radiation, streaming from our sun itself.  
Both bands are trapped in the earth's magnetic field and constitute human hazard. The radiation could be lethal over long periods of exposure. Some of it could damage human germ cells or the genes determining heredity.  
The intense, hard radiation is most dangerous, Dr. Singer said. He estimated it would take 10,000 pounds of lead shielding around a spherical space ship 12 feet in diameter to keep it from harming human occupants. But that weight is too much for a space ship.  
Dr. Singer proposed the club sandwich as a solution.

**Mission Sings Hymn Especially for Oilmen**  
CHICAGO (AP) — Nearly 1,000 persons joined in singing hymns at the 81st birthday of the Pacific Garden Mission in the Conrad Hilton Hotel.  
Then, hearing that the American Petroleum Institute was meeting in a room across the hall, the mission workers threw open the ballroom doors so the oil men could hear a hymn.  
The selection: "Give Me Oil In My Lamp!"

"Yes, I was afraid they would be shocked. They didn't read the book until it was published; I gave them the first and second copies. Fortunately, they liked it."  
"My dates? I feared I would be getting many who figured I would be an easy mark because I wrote a sexy novel. I was relieved to find that most of my dates were so impressed to be out with a novelist that they didn't get fresh at all."  
"My book is the result of working four years in an office myself and interviewing a hundred working girls. I discovered there were five basic types of working girls in New York, so I wrote a story about five girls."  
Her types:  
1. The well-to-do girl who works out of boredom.  
2. The out-of-towner who seeks the glamor life of an actress but fails.  
3. The would-be actress who must work part-time to live.  
4. The engaged girl earning enough to buy furniture, etc.  
5. The divorced mother who must work to support her child.  
All are seeking marriage, said Miss Jaffe, and that brought up a natural question: What about her?  
"I'm always asked that," she smiled. "The answer is that I haven't found the right man yet."

## Chiropractor Indicted for 97 Abortions

AKRON, Ohio (AP)—Arkon police today arrested a 66-year-old chiropractor, Dr. Carl Moser, who they said admitted he had performed 97 abortions this year.  
A secret indictment, issued last week by the Summit County Grand Jury against Dr. Moser, was the result of a five-month investigation, police said. No date for a hearing has been set.  
They said the doctor, acquitted in 1946 on a similar charge, admitted performing abortions for the past 30 years.  
Police said his customers came from as far away as western Pennsylvania but for the most part were residents of the Akron area.  
The doctor was identified, police said, by a 19-year-old West Akron girl who cashed bad checks to raise the money for the doctor's \$150 fee.  
The girl told police her story after being arrested at her former home in Sandusky on bad check charges.  
Police said Dr. Moser's fees ranged from \$150 to \$500 and that they found an appointment book for girls who had visited him, listing his patients by first name only.  
The chiropractor performed as many as three abortions a day, police said, adding that the illegal operation resulting in his arrest was performed on a Friday the 13th.

## TV Actress Makes Change

### Cameras No Longer Mistreating Julie

NEW YORK (AP) — When friends told Julie Wilson that she didn't appear to best advantage on television some time ago, the attractive singer and dancer went into action immediately.  
"I cut my hair, starved myself to death, changed my mouth and defied the cameras to mistreat me," she said the other day.  
The cameras no longer mistreat her. She will appear to best advantage Nov. 20 co-starring with Alfred Drake and Patricia Morison in the "Hallmark Hall of Fame" (NBC-TV) production of "Kiss Me, Kate" (9:30 p.m., EST).  
"Kiss Me, Kate" by Sam and Bella Spewack, with music by Cole Porter, is a joyous romp based on Shakespeare's "The Taming of the Shrew." Drake and Miss Morison played in its long Broadway run.  
"It's a show that's been very kind to me," said Miss Wilson, who played in the road company in this country and then went to England in the dual role of Bianca and Lola Lane. There she rocked Coliseum audiences nightly with her rendition of "I'll Always be True to You, Darling, in My Fashion" and went on to a featured part in the British revue "Bet Your Life."  
Returning to this country, she played leads on Broadway in "Kismet" and "Pajama Game."  
Considering all this, it seems strange that Miss Wilson remains fixed in many people's minds as primarily a nightclub singer of so-called sophisticated songs.  
"By sophisticated," she says, "they mean a bit risqué. Why can one or two songs in a supper club make people overlook the fact you're an actress?"

## Van Wert GI Killed in Crash

LILLINGTON, N. C. (AP)—Two Ft. Bragg soldiers were killed when a car in which they were riding ran off U.S. 401 about five miles north of here. Two Cumberland County citizens also were injured seriously in the early Sunday morning wreck.  
The State Highway Patrol identified the victims as Sgt. Richard B. Smith, 30, of Van Wert, Ohio, and Sgt. James H. Laveigne, 24, (hometown unavailable). They were assigned to the 102nd Engineers.  
Injured were Mrs. Ruth Johnson, 28, Fayetteville waitress; and Paul Matthews, 38, a barber, of Rt. 1, Wade, Rex Hospital in Raleigh said both were in critical condition.  
Highway patrolmen R. B. Leonard said the car, owned by Smith, traveled 641 feet after it went off a slight curve. The vehicle, almost totally demolished, crashed into a tree, he added.  
London's Trafalgar Square, which corresponds to New York's Times Square, was begun in 1829. But it was not completed until 1867.

## Trapped Cat May Never Be Rescued

ATLANTA (AP)—A 2-year-old cat named Tennie has been trapped for eight days now in a deep, narrow crevice between two downtown Atlanta buildings.  
Authorities fear she may never be rescued.  
Tennie is lodged 30-feet deep between two concrete walls less than 4 inches apart.  
Her master, Clarence Coursey, 67-year-old retired restaurant operator, drops food down the hole regularly.  
Nobody knows how the cat happened to fall into the hole. Coursey lives in a small hotel room nearby.  
Firemen, policemen and members of the Humane Society all have made unsuccessful rescue attempts.  
The Rev. Tom Bradley cut a hole through a basement wall and almost reached the trapped animal.  
"She looked to be only three or four feet away from my hand but she couldn't get to me," he said.  
Coursey has the cat's mother, Prissy, to comfort him but he's still mighty upset.  
"I'd go hungry before I'd let Prissy and Tennie suffer for anything," he said. "But Tennie is gone, I'm afraid, forever . . . And I can't do anything to rescue her."  
In this jet age it is interesting to note that the first Hague Peace Conference in 1899 prohibited for five years the use of "projectiles thrown from balloons."

## Trolley Pilot Is Honored

PITTSBURGH (AP) — A gaily decorated streetcar rolled through Pittsburgh streets for two hours Sunday but for the first time in 38 years Roy Anderson wasn't at the controls or collecting fares.  
Aboard the chartered car some 60 relatives and friends chattered happily and congratulated Anderson on his retirement from the Pittsburgh Railways Co.  
"This isn't my idea," smiled the

portly Anderson. "If it weren't for my boys, I wouldn't be in on this."  
The unusual tribute was planned for two months by Anderson's three sons: Robert, 30, a Cleveland bus driver; Donald, 23, a reporter from the Meadville (Pa.) Tribune, and Samuel, 32, a career soldier. It cost them about \$25 an hour.  
Anderson, who completed his last run Friday, said he was well satisfied with his career.  
He met his wife, standing beside him as he spoke, on one of his runs in 1922.

## We Honor the Dead Today

Veterans Day is a day that should mean a great deal to all Americans. For two decades after the first world war Armistice Day not only commemorated the end of the war but symbolized hope that international conflict could be avoided.

Armistice Day has been renamed Veterans Day. It concentrates public attention on those who have served in the military forces. This is useful in preserving the continuity of the nation's recruited armed services in perilous times. Its implications could be broadened further because any new world war will involve the entire population.

Wars seem so endless and the threat of them so constantly on the horizon that observing the end of one 40 years ago, or even honoring the veterans of all wars

may seem somewhat pointless. Perhaps what Americans should do on this date is rededicate themselves to attention to the veterans who are still fighting the wars. These are the men who were crippled by war and still lie in hospital beds all over the nation.

And honoring the dead is as much a part of the Armistice Day observance as the harking back to the times of unrestrained joy that terrible wars had ended.

What a grand day it will be when a Peace Day is red-lettered on the calendars of the nations of the world. Man can only hope that it will come before another big-scale war brings not a peace of good will but of exhaustion and human decimation.

## Analyzing the Hoop Craze

The hoop craze is dying out. This is the word reported in the Wall Street Journal from manufacturers of the hula hoops. Even gimmicked-up hoops — with built-in whistles, with T-square handles, with ropes attached as leashes for pets, with devices that convert them to umbrellas or sails, targets, drums or flying saucers — are not selling.

In the wake of this, psychologists are trying to fathom what the underlying causes of such fads are. One authority says that fads — such as that for Davy Crockett items in 1955 — signify modern children's efforts to identify themselves with some hero.

"Children feel rather powerless to cope with the world today," he says. "So, they seek to identify themselves with someone who seems able to control his world."

Another expert blames the mobility of American families. He says children are moved around so much that they adopt the current fad so they will be accepted by

new friends.

The third psychologist sees the h o o p s as "rebellion against the world of adults."

And a fourth says it involves something basic in human nature — the love of circles. He points out that when children first draw that most child games involve circles, and a human body they start with a circle, that the child feels secure in "the family circle."

All this is interesting, but none gets to the key point: How does one predict such fads so he can lay in a stock of the right items and make a mint?

## Campaigns Mostly Nothing

By George Sokolsky

In most parts of the United States, the recent election was without ideological position. Except in California and perhaps Arizona and Ohio, most candidates discussed no issues, avoiding them as dangerous and preferring to fill the air with a plethora of verbiage.

In New York State, where the campaign had national overtones, the candidates ran a contest between eating goulash with their fingers and eating hot dogs off a street corner push-cart. Maybe the photographers will swear that they actually saw the candidates eat the stuff!

What governors talked about did not matter so much, it being a sort of wrist-slapping election. What candidates for the Senate or the House of Representatives said could have been very significant, but most of them spoke about the weather and the glories of this and that, avoiding such subjects as inflation, the foreign policy, the peril of the dollar and the danger of war. By avoiding such subjects, the candidates also avoided putting their feet in their mouths. It was as grand a display of nothingness as had ever been seen.

While these fellows were trav-

elling about spouting words, the Quemoys shootings occurred and on that subject most politicians feared to talk because it could lose them a vote or two either way. Walter Lippmann permitted himself this:

"As for the United States having to prove its courage, or to lose all its friends, I would say that what we do about Quemoys is a test of the courage of the United States only if we announce to the world that we regard it as a test of our courage. The world knows that we have fought three big wars in the past 50 years and the world, friendly, hostile and neutral, will have no doubt about the courage of this country."

No politician would say anything of the sort, because it would be like sticking a finger into an enemy's mouth. The world does not remember that we courageously fought three wars. A generation is growing up in Russia and in Red China which never heard that the United States played any important role in World War II. This same generation does not know that we gave Soviet Russia \$11,000,000,000 for free, out of the generosity of our hearts. That generation only knows that Negroes cannot go to schools in Little Rock and that Paul Robeson cannot sing at the Metropolitan Opera.

Unfortunately for Mr. Lippmann, the world is not as erudite as he is and does not remember yesterday's news. Politicians in every country want to know, what did you do for me today? Yesterday's generosity was to meet yesterday's problems. Today is a new day.

So the candidates could not go along with Lippmann because there are no votes in that. Re-

publican and Democrat, they avoided the entire subject. They left it to John Foster Dulles and hoped nothing serious would come of it.

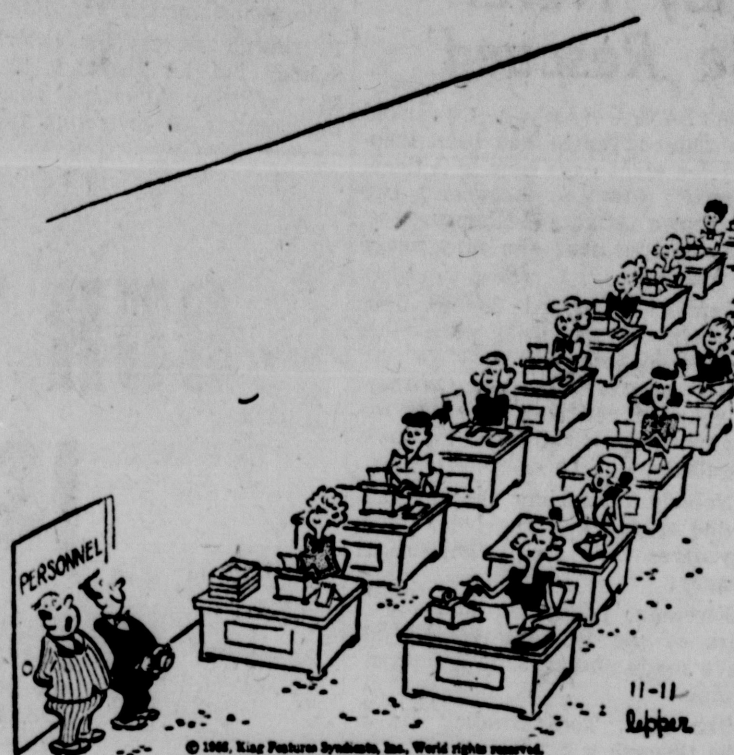

They, who are the people's representatives, according to the Constitution, became the people's tasters of pizza pies and Irish coffee to say nothing of gefuete fish and sauerbraten. You may say that why is this different from kissing babies or attending wakes and bar mitzvas or laying cornerstones?

Truly, it is not different. It is all of a piece of nonsense which is unrelated to the subject of whether a candidate is worthy of election or not. A citizen observing the conduct of some candidates, could easily have thought that it might be best not to vote at all. Is a night club exhibitionist any worse than some candidates who suddenly become "democratic" for a month before Election Day and then develop into stuffed shirts if elected by the people?

The republican process is a theory of popular choice. The people set up their own government by electing chosen representatives. Those who present themselves to be chosen usually conform to a type desired by the people of a particular generation in a particular area.

If the kind of campaign which was conducted this year is what the people want, then something is lacking in our education and upbringing. We do not demand enough of our candidates. They are actors not debaters. They project personalities not issues. They raise their hands like prize-fighters acknowledging the public applause, but they give no evidence of humility or of any doubt as to the perfection of themselves.

## The World Today

By James Marlow

WASHINGTON (AP)—Edmund G. Brown has just won the governorship of California but he won't—or maybe it's his publicity man who won't—win any prize for modesty.

As soon as this Democrat beat Republican William Knowland in last Tuesday's election his headquarters bombarded Washington newsmen with airmail, special delivery letters on his victory, new power and splendid qualities.

Brown's win over Knowland pushed him into national prominence for the first time; he hasn't yet moved into the governor's office to show what he can do; but these letters were like telling the big-name political tigers in his party:

"Make way, boys, for a lion." The tigers may be impressed or they may think that for sheer gall newcomer Brown—or his publicity man—is in a class by himself.

In one sentence the letters denied Brown has any ambitions for the Democratic presidential nomination in 1960, in the next said he'd probably be California's "favorite son" candidate, and then wound up with this unabashed phrase:

"Brown's moderation and his ability to weld conflicting interests make California's governor-elect a leading contender for national political leadership in the Democratic party."

Whoever wrote the letters is no newcomer to political doubletalk, which is a special kind of jargon

## Butler Recount Stated

HAMILTON, Ohio (AP)—The Butler County Election Board has set for next Monday morning a recount of ballots cast in last week's election on a proposed one-mill levy in the Fairfield Township fire district. The proposal received a 59.9 per cent vote, but needed 60 per cent to pass.

intended to please everybody a little bit and make nobody mad much.

Brown was described as a "political moderate who nonetheless adheres to progressive principles." This is like listening to a Republican describe "Modern Republicanism."

You can draw from the letters a slight feeling Brown is not only thinking of himself as the Democrats' presidential candidate but is already warming up against a man he thinks may be his Republican rival.

Said one of the letters: "Brown had to work hard for everything he got. There was no money to send him to a university, so he went to night school and read for a blind attorney on the side."

"Brown's humble beginnings

stand out in sharp contrast to those of another new figure on the national political scene, Governor-elect Nelson Rockefeller of New York."

If these letters had been used in Brown's gubernatorial campaign—before his election and with some slight changes — they might have gotten him some more votes.

But it's hard to understand why they were pumped out to Washington newsmen after the election, before Brown even took office, and before the Democratic party even had a chance to digest its national victory.

Maybe the publicity man had them left over from the campaign and liked them so much he could not bear just destroying them. One thing is sure: These letters did his boss up Brown.

## The World Today

By James Marlow

WASHINGTON (AP)—Edmund G. Brown has just won the governorship of California but he won't—or maybe it's his publicity man who won't—win any prize for modesty.

As soon as this Democrat beat Republican William Knowland in last Tuesday's election his headquarters bombarded Washington newsmen with airmail, special delivery letters on his victory, new power and splendid qualities.

Brown's win over Knowland pushed him into national prominence for the first time; he hasn't yet moved into the governor's office to show what he can do; but these letters were like telling the big-name political tigers in his party:

"Make way, boys, for a lion."

The tigers may be impressed or they may think that for sheer gall newcomer Brown—or his publicity man—is in a class by himself.

In one sentence the letters denied Brown has any ambitions for the Democratic presidential nomination in 1960, in the next said he'd probably be California's "favorite son" candidate, and then wound up with this unabashed phrase:

"Brown's moderation and his ability to weld conflicting interests make California's governor-elect a leading contender for national political leadership in the Democratic party."

Whoever wrote the letters is no newcomer to political doubletalk, which is a special kind of jargon.

## Butler Recount Slated

HAMILTON, Ohio (AP)—The Butler County Election Board has set for next Monday morning a recount of ballots cast in last week's election on a proposed one-mill levy in the Fairfield Township fire district. The proposal received a 59.9 per cent vote, but needed 60 per cent to pass.

intended to please everybody a little bit and make nobody mad much.

Brown was described as a "political moderate who nonetheless adheres to progressive principles." This is like listening to a Republican describe "Modern Republicanism."

You can draw from the letters a slight feeling Brown is not only thinking of himself as the Democrats' presidential candidate but is already warming up against a man he thinks may be his Republican rival.

Said one of the letters: "Brown had to work hard for everything he got. There was no money to send him to a university, so he went to night school and read for a blind attorney on the side."

"Brown's humble beginnings

stand out in sharp contrast to those of another new figure on the national political scene, Governor-elect Nelson Rockefeller of New York."

If these letters had been used in Brown's gubernatorial campaign—before his election and with some slight changes—they might have gotten him some more votes.

But it's hard to understand why they were pumped out to Washington newsmen after the election, before Brown even took office, and before the Democratic party even had a chance to digest its national victory.

Maybe the publicity man had them left over from the campaign and liked them so much he could not bear just destroying them. One thing is sure: These letters did his boss up Brown.

**DARBY**  
By Barb Decker  
The High School has elected its basketball cheerleaders for the 30-31 season. Leading cheers for Darby this year will be Linda Kennard, senior; Judy Walker and Sue Deyo, juniors; Dixie Warden, sophomore; and Peggy Warden, freshman. Substitutes are Judy Follrod, junior and Barb Decker, senior.

The sophomores are planning a skating party for December. Plans have not been completed.

The Freshmen are planning a bake sale in November. It will probably be in Mt. Sterling.

The Senior Class play will be Friday, November 14 at 8 p. m. in the school gym.

There will be a PTA meeting Thursday, November 13. The set will sing and a business meeting will take place.

The boys have been practicing basketball after school about every night for the last week. Both reserve and varsity are looking good. I'm sure the whole student body will back Coach Ned Reichelderfer and his team this season.

The Student Council has picked the sophomore class to keep the school in order for this six weeks.

### PICKAWAY

Have you been wondering what last year's graduates have found to do to keep them busy? After having questioned brothers, sisters, and friends, Sharon Sharrett came up with this report.

### Saltcreek Granted Sidewalk

The Logan Elm Board of Education recently granted a request for construction of a section of sidewalk on the east side of the Saltcreek school building.

The Logan Elm board also gave its permission for the three schools under its jurisdiction to play at night in the Pickaway County Junior High Basketball Tournament.

Next week the board plans to meet with its proposed consolidated high school architects for final draft of plans and to iron out other technicalities in regards to the actual letting of bids for the erection of the building.

### Road Work Set Near Ashville

Bids for resurfacing the Circleville-Lockbourne Road from Ashville to Airbase Road will be opened by the Ohio Department of Highways tomorrow in Columbus.

The project is one of 14 to be let tomorrow. Plans call for resurfacing 4.6 miles of the road at an estimated cost of \$50,000. If a contract is awarded, work will start shortly thereafter.

### Business Briefs

Local winner of a hairstyling contest held November 3 at Columbus, included second place winner, Mrs. Mary Pierce, of Mary's Beauty Salon, Ashville. Her model was Mrs. James Wells, Route 1, Lockbourne.

The contest was open to all members in good standing of Columbus Chapter Hairdressers' Guild of Ohio, Inc. Mrs. Pierce is eligible to compete in the Master Hair Stylists' Contest at the state convention which is held each year in February at Columbus.

## Ashville Irons Out Disputes With General

Officials from General Telephone Co. convened with Ashville Council November 3 and ironed out many of the minor problems existing between the village and the utility company.

Charles Bowen, division manager for General Telephone, complained that many village property owners were refusing to permit telephone workers to place poles on their land.

Council said it would try to straighten out the matter if the company promised to do its best to erect the poles in locations suitable to the property owners.

Discussion also arose concerning future rate increases for telephone users in the community. Council had voiced the opinion that unless phone improvements were forthcoming they would try to block any requested rate boost.

**THE COMPANY**, though, is starting to make many needed improvements, and told council that in the near future rate increases would be asked.

Dale Schiff, representing the Ashville Community Club, offered to carry annexation petitions to those areas previously designated as under consideration for addition to the village.

Council clerk Orville Ruh described the proposed areas to be annexed as those territories north and including part of the Glen Rader farm; east to the Whitehead farm; south to Little Walnut Creek; and west to the Courtwright farm.

An ordinance establishing parking laws in the village passed by unanimous vote. The ordinance states that all motor vehicles must be parked on the right side of the street on any village thoroughfare. Up to now, vehicles had been crossing lanes to park on the left side of the road.

Councilmen Paul Smith and Charles Morrison were appointed to the Board of Volunteer Firemen's Dependent Fund, an agency which determines the amount a fireman or his family should receive in the event the firefighter was injured or killed in the line of duty.

In final action, council agreed to ask free water service for all village-owned properties. The request will be submitted to the Board of Public Affairs for study. This will not include free fire hydrant rentals, which currently is fixed at \$15 per hydrant per annum.

## New Crisis Seen In Khrush Move

By THOMAS P. WHITNEY  
AP Foreign News Analyst  
If Nikita Khrushchev really means what he says about abrogating four-power rule in Berlin and freedom of transport between West Berlin and West Germany, there's going to be a new and dangerous international crisis.

The Western powers stood up to the Soviet Union 10 years ago on this issue and forced a Russian backdown with the successful airlift.

So long as the Russians and their East German satellites only talk about blocking Berlin things will be all right. But if they

try actually to interfere with Western control over West Berlin or transport and communications between West Germany and West Berlin, there will be real trouble.

And this time, in contrast to the Berlin blockade, the United States, France and Britain could count on the full support of a powerful West Germany in any countermeasures.

What Khrushchev said at the Polish-Russian friendship rally in the Lenin Stadium in Moscow Monday was plain enough.

He said four-power rule in Berlin should be ended. He said the agreements under which the West has unhindered transport and communication rights between West Germany and West Berlin are obsolete and that the Communists should free themselves from them. He said the West should deal with East Germany directly on questions concerning East Berlin and stressed that the Soviet Union would consider an attack on East Germany as an attack on the Soviet Union.

This sounds menacing. If Khrushchev is really serious, then it would follow that the Russians will formally denounce four-power rule in Berlin and the agreements on which it is based, that the East Germans will interfere with surface and air transport into West Berlin and that the Soviet Union would regard any action of force by the West to break a blockade as an act of war.

The catch here is that, as Khrushchev no doubt knows, this would mean World War III. It seems questionable that he intends to start the world conflagration, at least in this way.

The West promptly let it be known that any Communist trouble over Berlin will be met with the same firmness shown at Quemoy.

The U.S. State Department bluntly rejected Khrushchev's proposal. A spokesman quoted recent U.S. statements of readiness to fight for West Berlin.

Mrs. James Weaver, the former Myrtle Streber, was honored recently with a bridal shower. The shower was given by Mrs. Paul Congrove and Mrs. Walter Richards, Route 4.

Gifts were placed on a table covered with a pink and white cloth, centered with a doll dressed in rain attire carrying an umbrella and a spray of flowers. Two large vases of pink mums were placed on the mantel. Fall flowers were used throughout the home.

Contests were presented with prizes being awarded to Mrs. Paul Drummond.

Refreshments were served to the following guests: Mrs. Drummond, Mrs. Frank Allen, Mrs. Charles Holland Jr., Mrs. Charles Walker, Mrs. Richard Shaw and Dennie, Mrs. Cecil Manson and Fern, Mrs. Eldon Parcells, Miss Mildred Wilkinson, Mrs. Frank Seimers, Mrs. Roger Davis, Mrs. Guy Stockman, Mrs. Hazel Bowman.

Mrs. Russell Congrove, Mrs. William Weaver, Mrs. Lawrence Streber and Shirley and Maxine, Mrs. James Lovett and Cheryl, Mae Hartley, Mrs. Roy Palmer and Connie, Mrs. Creation Kraft, and Evelyn Kraft, Mrs. Richard Bowers.

Mrs. Larry Goodman, Mrs. Chester Starkey, Miss Ethel Brobst, Edwina Holderman, Mrs. Ethel Klingensmith, Mrs. Turney Kraft and Mrs. Jacob Glitt.

Gifts were sent by: Mrs. William Boonen, Mrs. Marvin Crumley, Mrs. J. H. Brooks, Mrs. Russell Palm, Mrs. Wilbur Crace, Mrs. Harold Thompson, Mrs. Kenneth Majors, Mrs. Fred Ketner, Mrs. Paul Kraft, Mrs. Ralph Betz and Tommy Palmer.

### Junior Mission Group Plans Nov. Project

The Junior Mission group of Trinity Lutheran church met in the Parish House Sunday. Thirty-six children and four leaders and helpers attended. Miss Sandra Weidinger, President, conducted the meeting.

New song books were used for the first time. Devotions were conducted by Bruce Barnes and Linda Riegel and two stories were told by Mrs. M. D. Lorentz.

The November service project is to be sending a box of cookies to the Lutheran Home of Mercy in Williston, Ohio. Anyone interested in helping with this project can bring cookies to the kitchen of the Parish House on Saturday or Sunday November 15-16. The children will pack them at 2 p. m. Sunday.

The children voted to bring toys and staple goods to the regular December meeting. These will be given to a needy family at Christmas time.

For a handwork project at the November meeting, each child made his own Thankoffering box which is to be filled with coins and returned at a later date.

Mrs. Walter Pickel and Mrs. Robert Barnes Jr., chairmen from Circle No. 5, served refreshments at the conclusion of the meeting.

### AAUW Board To Meet Thursday

The Board of Directors of the American Assn. of University Women will meet at the home of Mrs. Richard Simons, 125 Wilson Ave., at 8 p. m. Thursday.

### Guilds Help Assist with Hospital Needs

Mr. Alva Williamson, hospital administrator, said today, that there are many unmet needs at Berger Hospital. Among these are ten new beds for maternity patients, 12 new beds for medical patients, 12 new beds for surgical patients, six new beds for pediatric patients.

The delivery room and labor need to be relocated in order to provide more convenience for patients, nurses and physicians. The hospital needs the second operating room for care of increasing number of surgical patients.

All these rooms and beds will require the newest of standard equipment for prompt and efficient care of patients.

Mr. Williamson said that the services of the Berger Hospital Guilds had been of untold benefit and assistance to the hospital in its work and that it is the hope of the Governing Board that the public will continue to support the hospital through the Berger Hospital Guilds.

### Birthday Fete Held Sunday

Mr. and Mrs. Maynard V. Marshall, Route 1, Ashville, entertained with a party Sunday afternoon honoring their son, Maynard Lynn, on his fifth birthday.

Games were played and prizes were won by Lynn and Jeff Marshall, Craig, Chris, Nancy and Teena Brenton.

A lunch was served in the evening with the little guests seated at a table decorated with the traditional decorated birthday cake, hats, and favors.

Those attending were: Steven, Kevin and Terry Marshall, Circleville; Jeff and Jodi Marshall, Chris, Craig, Teena and Nancy Brenton, Columbus; Karen Marshall and the honored guest.

Mr. and Mrs. Clarence Marshall, Circleville; Mr. and Mrs. Gene Marshall and Mr. and Mrs. James Brenton, Columbus; Mr. and Mrs. Albert Marshall, Ashville and the host and hostess.

SANTA CLAUS CANDY JARS — Mrs. Henry Swope holds a Santa Claus candy jar for inspection by Mrs. George Speakman, center and Mrs. John Bowers, right, members of Berger Hospital Guild No. 2. Other Christmas items their booth will contain are Christmas decorations, earrings and book covers.

### Mrs. Ed Grigg Gives Devotions To Fellowship

Geneva Fellowship of the Presbyterian Church met Sunday evening in the home of Mr. and Mrs. Philip Hines, Lynwood Ave. Mr. and Mrs. Charles Hart assisted with the hospitality. The group welcomed as new couples, Mr. and Mrs. Don Vogel and Mr. and Mrs. Lawrence Strome.

Mrs. Edward Grigg led devotions on "The Importance of Little Things." Mrs. Grigg presented a background of thought concerning family folklore, centering attention on objects, places and persons. The group then recalled family customs which were observed at their home during childhood and also those being established with their own children. The discussion concluded with a consideration of beloved church tradition and an evaluation of family observances.

Continuing a folklore festival of this group, plans were made for a caroling and tree-trimming party at the December meeting. Mr. Harold Whitmore served as chairman.

### Guild No. 21 Discuss Plans For Bazaar

Berger Hospital Guild No. 21 met last night in the home of Mrs. A. P. Powell, Seyfert Ave., for its regular meeting with 12 members present.

The evening was spent in discussing the final plans for the guild's booth in the General Guild Bazaar which will be held Friday in the lobby of the American Hotel. A great variety of things are being submitted for the group's White Elephant booth.

Mrs. Lloyd Horning discussed the special project of the bazaar. Plans were made for the December Christmas Tea which will be held in the home of Mrs. Karl Mason on December 8th.

Following refreshments, bridge was enjoyed with prizes being won by Mrs. Wes Edstrom, Mrs. Larry Varble and Mrs. Horning.

### Mrs. Heine Host For Circle No. 4

Circle No. 4 of First Methodist Church will meet in the country home of Mrs. Walter Heine, Griest Road off Route 22, at 1:30 p. m. Thursday.

### Yule Party Planned by Pathfinders

A Christmas party was planned when the Dorcas Pathfinders Class of the Calvary EUB Church met Thursday evening in the home of Mrs. Carrie Stout, 235 E. Franklin St. There were 14 members and two guests present.

The meeting opened with a short prayer by Mrs. Ella Carothers, Mrs. Ray Anderson, president, presented a reading, "World Domain," taken from different books and verses from the Bible.

The group voted to remember eight of their shut-ins at Thanksgiving time. The president and the flower committee will be in charge.

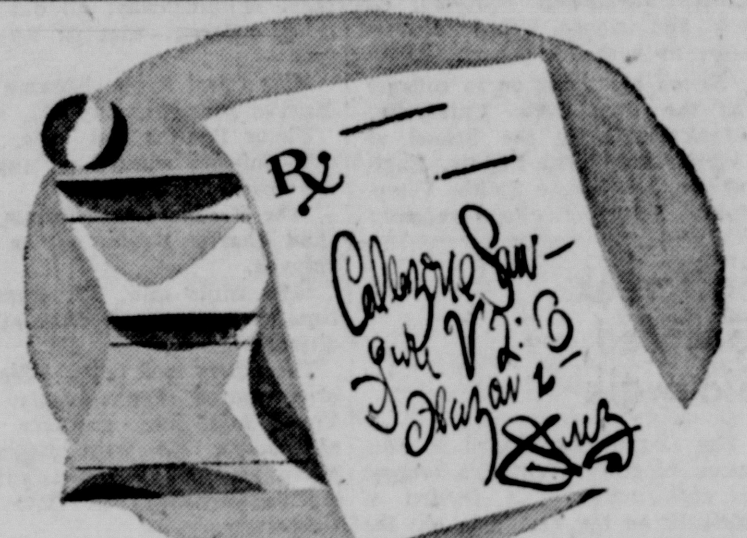

Plans were made by the class to have its Christmas party at Kerna Restaurant, E. Franklin St., with the date to be announced later.

It was decided by the group instead of exchanging gifts at Christmas time, the money would be given to some worthy missionary cause.

Visitors for the evening were Mrs. John Stevenson and Mrs. Harry Gard. Mrs. Cecil Hatfield and Mrs. Marcus Petty were welcomed as new class members.

The social hour followed the business meeting, with Mrs. Mark DeLong in charge. A contest was presented with prizes being awarded to Mrs. Talmel Wise and Mrs. Mark Petty. A short story entitled, "Thanksgiving—Then and Now," was read by Mrs. Hazel Cline.

Refreshments were served by the hostesses, Mrs. Stout and Mrs. Ralph Heffner, assisted by Mrs. Stevenson.

# Alliance Clings To No. 1 Spot In Grid Ratings

## 3 of Last Week's Top 10 Drop from Statewide Listing

COLUMBUS, Ohio (AP) — Alliance's Aviators, with a rousing 76-0 victory over Akron Hower, clung to the top spot today in The Associated Press ratings of Ohio's high school football teams.

At the same time a new individual scoring leader, Kenny Johnson of Class AA New Concord, popped into the picture. Kenny, a 155-pound senior, scored 32 points Friday in a 53-14 win over Cambridge to run his nine-game total to 194, best in the state. He goes against Philo today with a chance to enhance his record which is still far off the state record 323 points manufactured in 1952 by Chauncey-Dover's Hubert Bobo.

Three of last week's top 10 teams went down to defeat and fell from the elite list. Newark (5) was a 14-0 loser to Marietta, Portsmouth (9) dropped a 12-8 decision to Ironton, and Toledo Central Catholic (10) was nosed out 8-6 by Toledo Libbey.

Youngstown East, after a week's absence, moved into eighth place, Toledo DeVilbiss to ninth and Parma to tenth to fill the vacancies.

Marion Harding, 34 poll points back of Alliance last week, wound up with a 20-0 win over Sandusky and cut its deficit to 29. Cleveland Cathedral Latin retained third with a 34-16 victory over Cleveland Benedictine. Massillon held the fourth spot with a 36-0 verdict over Akron Garfield.

Springfield's Wildcats, 69-0 victors over Toledo Macomber, moved up a notch to fifth, and Elyria advanced to sixth by edging Lorain 12-8. Dayton Fairmont, joining Marion Harding and Parma as the only unbeaten-untied teams in the top 10, whipped Greenville 37-6 to advance to seventh.

The final poll, the 47 sports writers participating in the voting decided, will be taken after next weekend's contests despite the fact a few scattered games remain. The victor will win a leg on the Rutgers Hall of Fame Championship Trophy, which must be won three times for permanent possession. The cup goes annually to the team winning The Associated Press poll.

Columbus Rosary defeated Columbus University 20-0 to wind up with a perfect eight-game record. Rosary won 'em all, scored 355 points and allowed none. Fullback Pat Canini scored all three Rosary touchdowns for a 99 season's total.

Newark, despite its lofty poll spot, was held to three first downs and a net of six yards by Marietta which had lost four of eight.

Ashland, which had lost seven straight, came up with a huge surprise by ending Galion's 19-game unbeaten streak 22-0. Ed Ulmer of Brookfield scored 22 points against Hubbard and finished with 152 as the team won its eighth straight. Once-beaten Youngstown East grabbed the city title by beating Woodrow Wilson 14-6.

Salem beat Leetonia 21-8 for its fifth straight and a 7-2 record. Halfback Ralph Ehrhart was the

# Detroit Lions Always Sure Of Top Play Against Browns

CLEVELAND (AP)—Good seasons and bad the Detroit Lions almost always play one great game — against the Cleveland Browns.

After Sunday's 30-10 drubbing of Cleveland, which dropped the Browns into a first place tie with the New York Giants in the Eastern Conference, Coach George Wilson of the Lions observed:

"Our players feel they can beat the Browns. I think this psychological factor was very important."

This season, the passing of Detroit's Tobin Rote has lacked the zip and accuracy which kept him among the National Football League's best for nine years. Sunday, however, he rattled the Cleveland defenses with aerials—three for touchdowns.

How explain Rote's resurgence or the Lions defense, which until Sunday was weakest in the league? Or Jim Martin's three field goals of 48, 43 and 37 yards?

Going into the game Martin, a former Brown, had kicked only two field goals in 10 tries. He didn't miss against the Browns.

The defense, headed up by Joe Schmidt, middle linebacker and Lions' captain, stopped the Browns almost in their tracks. The Browns penetrated Detroit

standout this year for Salem with 959 yards in 120 tries for 72 points. Bob Osterling of Leetonia carried 296 times for 1,463 yards this season, piling up 101 points.

Parma notched its first unbeaten season in history by swamping Berea 24-8.

William Mallory, in his first-year as a coach, has piloted East Palestine to eight straight with a 230-70 scoring edge.

Alliance scored a safety on the kickoff and touchdowns on its first two plays from scrimmage to run up an 18-0 lead in the first three minutes against Akron Hower. Eight backs contributed the 10 touchdowns as the Aviators hung up their fifth straight shutout and sixth in nine games.

Quarterback Art Tuel of Sebring (5-3-1) has completed 94 of 184 passes for 1,333 yards and 11 touchdowns.

territory only three times.

Jim Brown and Bobby Mitchell, who are one-two in the league's rushing department, could gain only 122 yards between them. That's 32 yards less than Brown averaged in the first six games of the season. He gained only 83 yards in 21 tries against the Lions, running his total to 1,011 yards, a new Browns' rushing record.

Said Coach Paul Brown of Cleveland:

"This was as sound a defeat as we've taken in some time."

It was the worst since last year's championship game. The Lions punted the Browns 59-14 in that one.

A knee injury has hampered John Henry Johnson, Detroit's fullback, much of this season. But Sunday, he kept the Browns from concentrating on Rote with his charges up the middle. In eight attempts he racked up 53 yards, an average of 6.6 yards a try. And he threw some vicious blocks protecting Rote as he passed.

With plenty of time to pick receivers, Rote hit on 17 of 30 passes, good for 246 yards.

Dave Middleton snared one Rote pass for 46 yards, the longest play of the game. Touchdown passes went to Howard Cassidy, Gene Gedman and Jim Gibbons.

None of Rote's passes were intercepted.

The turning point of the game, Brown said, was Detroit's on-side kick in the second period. Cassidy booted a short kick to the Browns' 46-yard line and Halfback Dave Whitsett fell on it giving Detroit the ball. Seven plays later the Lions scored and took a 13-3 lead.

While the Lions offense sparkled, the Browns attack sputtered and stalled.

Lou Groza got a field goal to give Cleveland a 3-3 tie in the second quarter. Milt Plum, who alternated with Jim Ninowski at quarterback, hit Ray Renfro on a 12-yard touchdown play shortly before the game ended.

Plum completed six of eight passes for 63 yards. Ninowski connected on four of eight aerials for 60 yards.

## Jimmy Dykes Gets Post with Pirates

PITTSBURGH (AP) — Jimmy Dykes, interim manager of the Cincinnati Redlegs during part of last season, has been named a coach of the Pittsburgh Pirates for 1959.

In announcing Dykes' appointment today, Pirate General Manager Joe L. Brown said he was the personal choice of Field Manager Danny Murtaugh. Dykes, 62, succeeds Lenny Levy who resigned to devote full time to his automobile agency.

A veteran of 41 years in organized baseball, Dykes had served as coach of the Redlegs since 1955 before taking over as manager after Birdie Tebbets resigned.

## Today's Football Called 'Business'

MILWAUKEE (AP) — Otto Graham, one of the top-ranking quarterbacks in football's history, says that football — college or pro — is a business, not a sport.

Graham, who directed the College All-Stars to victory over the pro Detroit Lions in his first coaching effort last August, spoke here Monday night at an annual sports fans' banquet.

He said he had received a few coaching offers, including one from a Midwestern college. "But I'm not interested," said the former Cleveland Browns quarterback. "Let's face it, football's a business, not a sport."

## Sophomore Quarterback To Lead OSU at Iowa

COLUMBUS, Ohio (AP)—Sophomore Jerry Fields, who stepped in once before when regular Quarterback Frank Kremblas was hurt, will direct Ohio State's attack against Iowa Saturday.

Coach Woody Hayes announced the replacement Monday at a press luncheon here. Fields took Kremblas' place Oct. 4, when Ohio State edged Washington 12-7. Kremblas was injured again Saturday when Purdue tied the Buckeyes 14-14. He suffered a shoulder separation in the Ohio State opener against Southern Methodist.

## Myers, Galloway Lead County In Scoring Column

Williamsport's David Myers and Jackson's Charlie Galloway lead Pickaway County cage scorers after two games, with 53 points each. Myers has dropped in 21 field goals and 11 free throws for his leading point total, while Galloway has 17 field goals and an outstanding 19 free throws in just two contests.

Deercreek's Myers has played both guard and forward for his squad and registered 25 points in the Deers' first loss Friday night to a potent Unioto five.

Galloway has game point totals of 29 and 24 in Jackson's losses to Williamsport and Madison Mills. The Wildcat flash is aided in the Jackson scoring by fourth ranked Jerry Brigner, who zoomed into this slot by virtue of his 23 points against MM.

Deercreek's Nick Stonerock moves into the third place position with 32 points. Stonerock is the Deers' center who has excellent rebounding ability.

Atlanta's Tommy Oyer, with 31 points, is in fifth position, followed by Monroe's Larry Bigam. Atlanta's Darrell Wisecup, the Indians' Max Sheets, Atlanta's Ronnie Morris, and finally Monroe's Steve Fullen.

These players from the four county teams will dominate the scoring column at least until the football schools begin play on November 21.

## Land Purchase For Ross Lake Is Rejected

Land acquisition for the proposed 122-acre Ross County Fishing lake remained 80 per cent completed Saturday.

It was reported that the Ohio Wildlife Council in a meeting Friday rejected an option to buy 90 acres for \$16,650 at the Springfield Twp. lake site located a few miles east of Chillicothe.

Six parcels of land are involved in the entire acquisition project. Four of them, which total 544 acres for \$98,200, already have been approved by the council and the State Board of Control has released the money.

Only two parcels, the 90-acre rejected tract and a 46-acre tract which hasn't been optioned, remain unpurchased. Both parcels are necessary for development of the lake.

# Game Population Seems High; Hunting Care Is Urged Here

It isn't just rumor that rabbit and pheasant hunting should be good this year, reports Gene N. Houser, Vocational Agricultural Instructor at Walnut Twp. High School.

In fact, Houser quotes game managers of the Ohio Division

of Wildlife as saying that the pheasant population is the highest it's been since 1950. Rabbits too seem to have prospered this year and in the Southern part of the state population is up 30 per cent.

Almost one of 10 Ohioans is a hunter and this means that there will be a lot of people in the fields and woods when rabbit and pheasant seasons open on November 15. Because more than 70 per cent of the game occurs on private lands, both landowners and sportsmen must use good sense in harvesting this fall's wildlife crop.

Many farmers have felt it necessary to post their land to protect livestock and property from being damaged by irresponsible sportsmen. Unfortunately, a few "bad apples" can spoil a barrel of hunting opportunity.

"THIS YEAR", says Houser, let's strive for better cooperation. Many sportsmen's clubs will furnish "Hunting By Permission Only" signs, or a local printer can make them to replace the old "Posted" signs. Whether there are signs or not, sportsmen should always request permission before hunting on private land. This way the owner can warn the hunter as to the whereabouts of livestock and places where work is going on in the fields.

Courtesy coupled with good judgment will go a long way in promoting better hunting for everyone, concludes Houser.

BALTIMORE (AP) — The new boss of the Baltimore Orioles isn't going to jump in and try to make a pennant-contender of the sixth-place American League club.

MacPhail said "Baltimore has made a fine start" toward building a club since transfer of the St. Louis Browns' franchise here after the 1953 season. But Baltimore, he said, "will have to struggle for a couple of years" before becoming a top-flight team.

# Alliance Clings To No. 1 Spot In Grid Ratings

3 of Last Week's Top 10 Drop from Statewide Listing

COLUMBUS, Ohio (AP) — Alliance's Aviators, with a rousing 76-0 victory over Akron Hower, clung to the top spot today in The Associated Press ratings of Ohio's high school football teams.

At the same time a new individual scoring leader, Kenny Johnson of Class AA New Concord, popped into the picture. Kenny, a 155-pound senior, scored 32 points Friday in a 53-14 win over Cambridge to run his nine-game total to 194, best in the state. He goes against Philo today with a chance to enhance his record which is still far off the state record 323 points manufactured in 1952 by Chauncey-Dover's Hubert Bobo.

Three of last week's top 10 teams went down to defeat and fell from the elite list. Newark (5) was a 14-0 loser to Marietta, Portsmouth (9) dropped a 12-8 decision to Ironton, and Toledo Central Catholic (10) was nosed out 8-6 by Toledo Libby.

Youngstown East, after a week's absence, moved into eighth place, Toledo DeVilbiss to ninth and Parma to tenth to fill the vacancies.

Marion Harding, 34 poll points back of Alliance last week, wound up with a 20-0 win over Sandusky and cut its deficit to 29. Cleveland Cathedral Latin retained third with a 34-16 victory over Cleveland Benedictine. Massillon held the fourth spot with a 36-0 verdict over Akron Garfield.

Springfield's Wildcats, 69-0 victors over Toledo Macomber, moved up a notch to fifth, and Elyria advanced to sixth by edging Lorain 12-8. Dayton Fairmont, joining Marion Harding and Parma as the only unbeaten-united teams in the top 10, whipped Greenville 37-6 to advance to seventh.

The final poll, the 47 sports writers participating in the voting decided, will be taken after next weekend's contests despite the fact a few scattered games remain. The victor will win a leg on the Rutgers Hall of Fame Championship Trophy, which must be won three times for permanent possession. The cup goes annually to the team winning The Associated Press poll.

Columbus Rosary defeated Columbus University 20-0 to wind up with a perfect eight-game record. Rosary won 'em all, scored 355 points and allowed none. Fullback Pat Canini scored all three Rosary touchdowns for a 99 season's total.

Newark, despite its lofty poll spot, was held to three first downs and a net of six yards by Marietta which had lost four of eight.

Ashtand, which had lost seven straight, came up with a huge surprise by ending Gallion's 19-game unbeaten streak 22-20. Ed Ulmer of Brookfield scored 22 points against Hubbard and finished with 152 as the team won its eighth straight. Once-beaten Youngstown East grabbed the city title by beating Woodrow Wilson 14-6.

Salem beat Leetonia 21-8 for its fifth straight and a 7-2 record. Halfback Ralph Ehrhart was the

# Detroit Lions Always Sure Of Top Play Against Browns

CLEVELAND (AP)—Good seasons and bad the Detroit Lions almost always play one great game — against the Cleveland Browns.

After Sunday's 30-10 drubbing of Cleveland, which dropped the Browns into a first place tie with the New York Giants in the Eastern Conference, Coach George Wilson of the Lions observed:

"Our players feel they can beat the Browns. I think this psychological factor was very important."

This season, the passing of Detroit's Tobin Rote has lacked the zip and accuracy which kept him among the National Football League's best for nine years. Sunday, however, he riddled the Cleveland defenses with aerials—three for touchdowns.

How explain Rote's resurgence or the Lions defense, which until Sunday was weakest in the league? Or Jim Martin's three field goals of 48, 43 and 37 yards?

Going into the game Martin, a former Brown, had kicked only two field goals in 10 tries. He didn't miss against the Browns.

The defense, headed up by Joe Schmidt, middle linebacker and Lions' captain, stopped the Browns almost in their tracks. The Browns penetrated Detroit

standout this year for Salem with 959 yards in 120 tries for 72 points. Bob Osterling of Leetonia carried 296 times for 1,463 yards this season, piling up 101 points.

Parma notched its first unbeaten season in history by swamping Berea 24-8.

William Mallory, in his first-year as a coach, has piloted East Palestine to eight straight with a 230-70 scoring edge.

Alliance scored a safety on the kickoff and touchdowns on its first two plays from scrimmage to run up an 18-0 lead in the first three minutes against Akron Hower. Eight backs contributed the 10 touchdowns as the Aviators hung up their fifth straight shutout and sixth in nine games.

Quarterback Art Tuel of Sebring (5-3-1) has completed 94 of 184 passes for 1,333 yards and 11 touchdowns.

## Some College Coaches Feel Wrath of Burned-Up Alumni

By THE ASSOCIATED PRESS

Some college football coaches are beginning to sweat a bit from the heat of burned-up alumni who can't understand why their teams can't win consistently, or even at all.

Some other coaches, because they just inherited teams with dubious talent, are serving a year's grace, but are marked men if they don't produce a winner next season.

The Big Ten is having the greatest share of coaching headaches. The time honored symbol of a coach being hung in effigy by students is becoming so common-place one begins to wonder if it might not be the outcome of a post fraternity party prank rather than the honest-to-goodness ire of football-crazy students.

Michigan State's Duffy Daugherty is the latest to see his image hanging from a tree. It happened last Saturday night after MSU was upset by Indiana 6-0. The Spartans have a 2-4-1 record, but were picked to finish fourth in the pre-season poll by The Associated Press of sportswriters and broadcasters.

Take the case of Ohio State's in the pre-season poll as the national champion, have a 4-1-2

mark. But they have lost one and tied a pair in their last three outings. They lost the Big Ten crown to Iowa last week, though they don't face the Hawks until this Saturday.

The culmination of these displays came Sunday at Michigan when Bennie Oosterbaan, in his 11th year as coach of the Wolverines, was rumored to have quit, effective the end of the season. He was "hung" three weeks ago after Northwestern drubbed his team 55-24.

Murry Warmath, Minnesota coach whose team sports a 0-7 record and has lost 10 straight since last November, is in the deepest jeopardy. He minced no words recently saying that the alumni are just as much to blame for their failure to provide the Gophers with adequate gridiron talent.

Down South, Duke's Bill Murray is supposedly on the fire. He was "hung" after Louisiana State beat the Blue Devils 50-18 Saturday night for their fifth loss against two wins.

Even at Notre Dame, which has not known many coaching changes over the years, Terry Brennan is reported in trouble. The Irish has a 4-3 record, losing 29-16 to Pitt Saturday.

NOT LAYING DOWN THE LAW—Kearney, the Colts' No. 1 quarterback, is injured to Johnny Unitas, the Colts' No. 1 quarterback, in a game in 1954-55, talks over battle plans with Coach Webb in Baltimore. Kearney's an attorney in California.

## Arizin Sports To Second Top Cage Scorer

NEW YORK (AP) — Pitcher Paul Arizin, a two-time National Basketball Assn. scoring champion, sported during the past week to move into second place behind defending titlist George Yardley of the Detroit Pistons.

The jump-shooting specialist of the Philadelphia Warriors advanced from eighth with 92 points in three games. This boosted Arizin's season output to 190 points in seven games. He ranks sixth among the all-time NBA scorers.

According to figures released today by league headquarters, Yardley still leads with 216 points in nine games. Gene Shue of Detroit, who collected a season's high of 45 against Boston Sunday, is third with 178. Rookie Elgin Baylor of Minneapolis holds fourth with 177.

Bob Pettit of the St. Louis

## Long and Short Ivy

PHILADELPHIA (AP) — The long and short of the Ivy League football teams are Ed Stubblebine who is 6-foot-4, and Jack McTigue, at 5-foot-10. Stubblebine is a Penn reserve tackle weighing 244. McTigue, a Brown halfback, scales 160.

Hawks, runner-up a week ago, played only one game and fell to fifth with 175 points in six games. His 29.2 average is tops followed by Arizin's 27.1 points per game mark.

Kenny Sears of the New York Knicks connected on 64 per cent of his field goal tries in his last three games to take over the lead as the most accurate marksman. He boasts a season's mark of .562.

Sam Jones of the Boston Celtics, hitting 16 of 17 free throw tosses, retains his supremacy in that department with a .941 average. Teammate Bill Russell has snared the most rebounds, 130, and the Pistons' Dick McGuire leads in assists with 68.
